

Runny Nose Policy

If a child has nasal discharge **three times in an hour** while at school on a continual basis, you will be called to pick up your child. We do consider that noses drip when returning inside after playground time AND some of our children have allergies.

Your child may return to school once the runny nose has resolved if no other symptoms were present. If your child is exhibiting one of the following symptoms: (runny nose, fever, cough, headache, fatigue, or sore throat), please keep your child home.

The goal of this policy is to keep our children healthy and ready to learn!

All other policies are available on our website.
